How to Purl

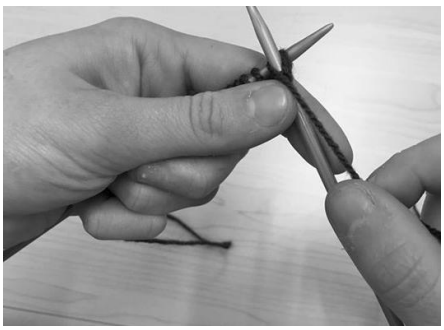

Start with cast-on stitches or after your first knit row (see instructions of How to Cast On/How to Knit for help)

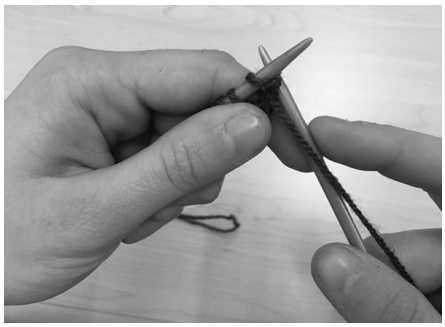

Insert right-hand needle into the front of your first stitch, from back to front, with your right needle crossing over the top of the left needle.

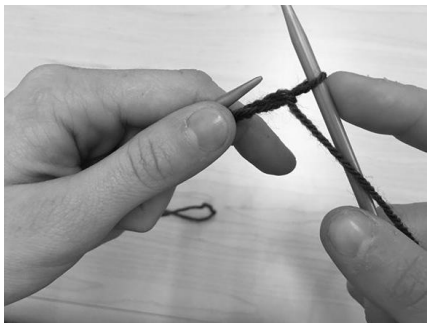

Hold the strand of yarn that is attached to your ball of wool in your right hand at the front of your work.

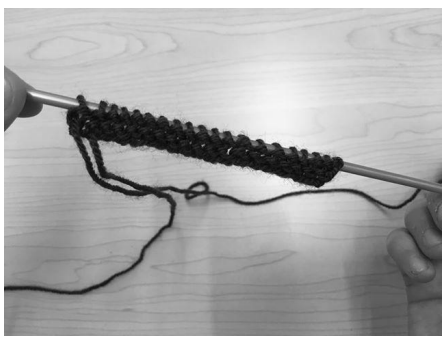

Wrap the yarn anti-clockwise around the point of the right-hand needle from back to front.

Hold yarn with right-hand needle tightly as you slide the right needle behind the left needle.

Pull the loop on the left-hand needle off the tip of the needle.

Repeat steps as before, keeping yarn in right hand held at the front of your work.
