TENSION

21 sts and 24 rows to 10cm, 4in, over lace pattern on 5mm needles or the size required to give the correct tension.

It is essential to work to the stated tension to ensure the correct size of garment and you should always knit a tension square.

If there are less sts and rows to 10cm (4in) change to finer needles if there are more sts and rows to 10cm (4in) change to larger needles.

Instructions are given for the first, smallest size. Larger sizes are given in square brackets. Where only one figure is given, this applies to all sizes.

Where the figure 0 appears, no stitches, times, or rows are worked for this size.

Although every effort has been made to ensure that instructions are correct, Stylecraft cannot accept any liabilities.

Stylecraft cannot accept responsibility for the result of using any other yarn.
